Good Afternoon:

The Village at Marymount, a non-profit, faith-based continuing care retirement community founded by the Sisters of St. Joseph of the Third Order of St. Francis, has job opportunities for students interested in earning some cash working in our food service department, evenings/weekends.

A comprehensive training program would be provided to students interested in culinary arts/food service.

Please have interested students forward me a resume or e-mail stating they are interested in learning more about available opportunities.
