A Message from Superintendent Tom Evans

Dear Community,

The mission of the Cuyahoga Heights Schools is to provide a safe, secure, and nurturing learning environment that graduates students who are college and career ready, are critical thinkers, are culturally aware, and are prepared to be successful citizens of the 21st century.

The BEST Committee serves the Cuyahoga Heights Schools as an advisory committee working with the district superintendent. Established in 2011, the BEST Committee conducted a community survey that year to gain feedback from the communities served by the district regarding a draft strategic plan. The feedback was used to finalize the mission, vision and belief statements that still guide the district today. The BEST Committee again invites your feedback with the 2016 community survey. The survey questions focus on key areas featured in the district's strategic plan, including quality of educational services, access to technology, student safety, district communications and the current state of school facilities.

I would like to take this opportunity to encourage all community members to participate in the Cuyahoga Heights Schools 2016 Community Survey. **To complete the survey, please visit the site below:**

Your participation is greatly appreciated and will provide important feedback to the district that will help identify areas requiring improvement. Finally, your support will enable the Cuyahoga Heights Schools to continue its proud tradition of excellence in education.

Sincerely,

Tom Evans
Superintendent
